

WHDA RULES

These rules are here to ensure you have a wonderful weekend!

WHDA weekend sites open from 4pm on a Friday, unless otherwise stated on this website or in the Camping & Caravanning Clubs, 'Out and About' magazine.

All visitors must report to the steward immediately on arrival at the site.

Please remember the 20 foot rule from awning/ sun canopy, this is the minimum separating distance between units.

There is normally space at our weekend meets for campers to spread themselves out a little more generously but common sense should always be applied, please abide by the stewards instructions if shortage of space is, or is expected to be an issue.

No units are to be left unattended overnight.

The following has been agreed throughout our DA regarding 'Generators'; "Campers may only use generators with the steward's permission. If a complaint is received or the steward considers it to be causing a nuisance then they may ask the camper to stop using it."

When you wash or fill your toilet, it should not be done directly from the drinking water tap!

Waste water should be emptied in the hedge bottom, please do not allow it to drain on to the grass.

Children and adults should play games away from the tents and caravans. This applies especially to ball games and kites.

All vehicles including cycles, should keep their speed down to 5mph or lower, no learner drivers allowed to drive onsite.

If you have pets please ensure that they do not cause annoyance to other campers.

Farm animals, buildings and implements are out of bounds.

DOGS MUST BE KEPT ON A LEAD AT ALL TIMES - Lead lengths must be kept to a minimum.

If you have a concern about a dog not being on a lead please speak to the steward.

A coffee morning will be confirmed on site at weekend meets with the steward.

No smoking in the CCY area!

We hope you enjoy your time with us!
